SUMMERY

Results-driven Information Technology student skilled in C++, Java, and web technologies. Proven experience in full-stack development, specializing in Python Django and MERN stack. Successful projects include a responsive Portfolio Website and an E-commerce platform for reusable medical products. A collaborative team player with leadership experience in student organizations. Seeking opportunities for impactful contributions in software development.

PROJECTS

- **E-commerce Website for Reusable Medical Products**: [Demo](#) [Code](#) | Python, Django, HTML, CSS.
  Created a dynamic website to host and sell reusable medical products. Implemented using Python Django framework for robust and scalable web development.Enhanced user experience through a user-friendly interface and seamless product navigation   (8 Sept 2023)

- **Notes App - Organize, Simplify, Create**: [Demo](#) [Code](#) | React.js, Material-UI, Node.js, Express.js, MongoDB, Postman
  A web application engineered to streamline the creation, administration, and organization of notes. This intuitive platform harnesses the robust MERN (MongoDB, Express.js, React.js, Node.js) stack, featuring an array of capabilities, including API calls for seamless data retrieval, light/dark mode options, and responsive design to ensure optimal usability on various devices. (02 Oct 2023)

- **MoviesDB - Movie Exploration**: [Demo](#) [Code](#) | React Native, TMDB API, Axios, NativeWind, Javascript
  Movies App is a mobile application developed with React Native, providing users with an immersive movie exploration experience. It seamlessly connects with the TMDB API to access a vast repository of movie information, offering features such as movie searching, in-depth movie details, trending movies, upcoming releases, top-rated movies, and cast information. The app's key features include the ability to search for any movie, view comprehensive movie details and synopses, explore trending and top-rated movies, and stay updated with upcoming releases and cast details. (20 June 2023)

- **Portfolio Website**: [Demo](#) [Code](#) | HTML, CSS, and JavaScript
  Developed a personal portfolio website showcasing technical skills, projects, and achievements. Implemented responsive design for optimal viewing across various devices. Utilized HTML, CSS, and JavaScript to enhance the user interface and experience. (8 Sept 2023)

EDUCATION

- **Vishwakarma Institute of Information Technology** — Pune, India
  Bachelor of Technology - Information Technology — *Nov 2022 - Present*

- **Government Polytechnic Pune** — Pune, India
  Diploma In Information Technology — *July 2019 - Aug 2022*

TECHNICAL SKILLS

- **Languages**: C, C++, Python, Javascript
- **Frontend**: React , React Native, Bootstrap, Material UI, HTML, CSS
- **Backend**: Node.js, Express.js, Django
- **Tools**: Git, Visual Studio Code, Postman, MySQL, MongoDB
- **CS Fundamentals:**: Operating System, Data Structures and Algorithms, Computer Networks, DBMS

EXTRACURRICULAR

- **GDSC - Active Member**:
  Engaged as an active member of the Google Developer Student Club, participating in various technical initiatives and projects.

- **CEC - Publicity Team Member**:
  Actively participated as a member of the publicity team, contributing to the promotion of events and activities.

- **Finance Head, COM'e'IT (Student Organization, Computer IT Department GPP)**:
  Managed financial activities and budgets for the student organization. Contributed to organizing events, workshops, and seminars for the Computer IT Department
